THIS TIME TOMORROW

The Wine Residency

An exclusive wine curriculum at an This Time Tomororow's eight-residence property in Florence

A guest wine curriculum led by agronomist, enologist, and Florence University of the Arts professor Francesca Elli, curated exclusively for guest at This Time Tomorrow in Florence.

Guests can combine monthly sessions with the visiting winemaker, private aroma training using the Le Nez du Vin master kit, and half-day walks through the Chianti Classico sub-zones of Radda, Gaiole, and Panzano – and, in season, participation in a working harvest at a partner estate.

Guests can enjoy rare bottles from This Time Tomorrow's 'Carta Chiusa' of exceptional European wines, personally selected by founder Pierre Ferland, or choose from an in-room House Selection of This Time Tomorrow's favourite Chianti vineyards, including Terreno, Castello di Albola, Renzo Marinai, Fontodi, and Tenuta degli Dei – alongside Rocca di Montemassi from the Maremma.

THE CURRICULUM

Chianti Uncorked
A private Chianti tasting led by Francesca Elli, tailored to your level from first-time drinkers to experienced palates.

Curated excursions
Curated day trips to estates across Chianti Classico and beyond, including Antinori, Terreno, and the Chianti Wine Journey.

Gorgona
A guided day on Europe's last island prison, where Frescobaldi makes wine with the inmates. A bottle of the wine is waiting in your residence that evening.

House Wine Edit
An in-room wine list from our favourite Tuscan estates, available throughout your stay. Every producer is a place you can visit.

La Carta Chiusa
Exceptional European wines from private cellars, personally selected by the founder. Held under controlled storage at the hotel for guest purchase only.

Le Nez du Vin
Aroma training with the 54-aroma master kit, the industry standard for wine sensory education. Learn how to taste before you taste.

Library Tasting
A private tasting built around a year of meaning to you. We source the bottles; Francesca presents them in your residence.

Monthly Domaine Session
Each month a different winemaker presents their wines at Abitazione. The producer tells the story, no intermediary narrates. March-October.

Terroir on Foot
A half-day vineyard walk through a Chianti Classico sub-zone, closing with a private dinner at Abitazione featuring the domaine's wines.

Vendemmia
Participate in a working harvest at a partner estate - picking, sorting, closing with lunch in the cantina. Late September only.

Vinum Florentiae
Expert-led tour of Florence's wine history, from medieval merchants and plague-era wine windows to the palazzos of historic winemaking dynasties.

Wine Pairing Dinner
A private evening in your residence: Francesca selects the wines while a private chef builds each course around them.
